

Deburring Technician

La Machine Shop, Inc. is a precision machining job shop located in Ham Lake, MN. We specialize in providing quality parts to multiple industries such as aerospace, military, and food service. We are an AS9100D certified company. **We are looking for a Deburring Technician to join our team.**

Responsibilities:

- Carefully follow deburring instructions and procedures
- Inspect parts for burrs, sharp edges, and surface finish quality
- Use tools like files, sandpaper, tumblers, drill presses, and deburring wheels
- Measure parts using micrometers, calipers, gage pins, thread gages, and microscopes
Report any quality issues and verify part counts
- Keep your workspace clean and organized
- Pitch in across the shop—washing, packing, cleaning, and more
- Work well with others and take direction with a positive attitude

Education and Experience:

- High school diploma or equivalent
- 1+ year of deburring experience preferred
- Machine shop experience and familiarity with different materials are a plus
- Ability to work overtime as needed
- Valid ID to work in the U.S.
- Reliable transportation to our Ham Lake facility

Skills and Qualifications:

- Good organizational skills and attention to detail
- Ability to work well with machinists, inspectors, and production teams
- Steady hands and good coordination for working with small parts
- Ability to meet deadlines and perform repetitive tasks with care
- Blueprint reading skills are a bonus!

Benefits:

La Machine Shop provides a positive learning environment that is built on growth, experience, and recognition for accomplishments. Our employees enjoy a competitive benefits package that includes health, life, dental insurance, PTO and a 401k Plan among others.

Our robust 401K Plan currently has a 5% match for participants who contribute to the Plan. Eligibility is 6 months after hire.
